

Techno Q hosts annual employee gathering at La Cigale Hotel

Techno Q, the leading system integrator in Qatar, organized an employee event that brought together all 260 of company's employees and management.

The event took place at the La Cigale hotel in order to instigate an active dialogue between Techno Q's employees and management on the future plans and strategies for the company.

The event presented a unique opportunity for Techno Q employees to get acquainted with the expansion strategy plans that the management will be adopting, and to take part in the company's vision for the future, building on Techno Q's numerous achievements.

A focus was also placed on the employees' important role not only in creating a strong base for the company, but also in leading the company to its advanced position in the market.

Techno Q's managing director Mr. Zeyad Al Jaidah highlighted the importance of every employee from the top to the bottom of the hierarchy, to live the company's values and to make choices aligned with them whatever the circumstances and challenges are.

The event included recognition of outstanding employee achievements for 2011 whereby certificates of appreciation were presented to Techno Q's exceptional employees.

Techno Q's executive director, Mr. Abdulla Alansari commenting on the event, said: "The event promotes a culture of dialogue, transparency, and continuous improvement, and highlights the vast capabilities of our team, which we believe is one of the foundations of our success."
