QATAR UNIVERSITY SPORTS AND EVENTS COMPLEX

The Sports and Events Complex fully opened in November 2019 on the Qatar University Campus. It is an exemplification of how sports and entertainment spaces can be rendered experientially flexible with AV technologies. Techno Q has led the maximization of the multi-functionality of the 25,500 sqm building by focusing on ingenious AV, lighting, theatrical and broadcasting system. The result is a complex that can easily adapt to curriculum sports, major sporting events, graduation ceremonies and other staged and hosting events. This impressive project has been chosen to be featured on the cover of the April issue of Asia Systems Integration and in the project brief section of the March issue of AV magazine.
