Techno Q wins award at AVIXA AV Experience Awards 2020

Mohanad Is-Hak and Abdulla Alansari from Techno Q, with the Best Flexible Space Experience prize from Avixa AV Experience Awards

Techno Q was awarded The Best Flexible Space Experience for its Qatar University Sports and Events Complex's project at AVIXA AV Experience Awards 2020. Techno Q was announced as a winner during the virtual panel discussion at InfoComm 2020 on Tuesday, June 16.

The AV Experience Awards recognizes the innovative integration of content, space, and audio-visual technology to educate and enlighten people. The AVIXA team mentioned they reviewed AV projects from more than 20 countries.

Among these projects, the Sports and Events Complex achieved on the Qatar University Campus in November 2019, stood out showing how well audio-visual technologies can reindeer a space flexible by adapting to a multitude of activities including a variety of sports, ceremonies, conferences, theatrical events and banquets within the same space.

Abdulla Al Ansari, Executive Director of Techno Q, said: "We are very proud to have been recognized by our peers at such an international level, and after beating such a skilled and tough competition. This recognition shows how much we are dedicated to exceed our client's expectation in terms of quality and service".

Since its creation in 1995, Techno Q has built a strong presence in Qatar by actively participating into several renowned projects including the National Museum of Qatar and the Qatar National Convention Center to name a few. This well-deserved award proves once again that the company is committed to provide the best and to raise the bar for the AV industry.
