WEBINAR

Unlocking Insights with Techno Q Business Solutions Webinars

We are thrilled to bring you the latest updates on our webinar series featuring the expertise of our General Manager Business Solutions, Jeroen Buitelaar.

In February 2024, we took a deep dive into the intricacies of Opera Cloud PMS, shedding light on the latest advancements and best practices in the realm of Property Management Systems. The session not only explored the features of Opera Cloud but also provided a comprehensive understanding of its applications across industries.

Prior to that, we had delved into the world of wi-Q, unraveling the potential of this innovative technology. From enhancing

customer experiences to streamlining operations, wi-Q proved to be a game-changer, and our webinar was designed to showcase its myriad benefits.

Now, as we look ahead, we invite you to actively participate in our upcoming webinars. Your engagement is the heartbeat of our community, and we can't wait to share more valuable insights with you. Stay tuned for announcements on topics that span the breadth of technology, innovation, and business solutions.

Techno Q webinars are more than just virtual sessions; they are an opportunity to connect, learn, and stay at the forefront of technological advancements.
